DAY 2 7 / 10(Thu.)

Science & Business Thinking Integration: Hands-on science workshop using Playnovate, combining science with business mindset.

Preparation

Before class, you can use this workbook to check if all the materials are complete according to the pictures.

Questions

Tipball encountered a new problem again. Let's see what it is!

<https://www.playnovate.com/>

Activities

Let's use the materials at hand and some clever ideas in our heads to find the answer together.

STEAM Challenges

After hands-on exploration, I believe you can complete these challenges!

Summary and Extension

At the end of every lesson, you can fill in the mindmap to connect the ideas and activities in each lesson. Sometimes, this section also offers more thought-provoking reading materials.
